

Filtered Water by the Gallon:

In our Laundry room, there is a Water Fill Station with soft water for our Residents to use. Instead of buying gallons of Filtered Water at a nearby grocery store, you can fill your Clean and Sanitized Gallon Container and have Filtered Water to drink, to use with your steam iron, and for other uses.

Depending upon what type of water you purchase and the brand name, the savings can be anywhere from 50 cents to \$2.00 per gallon. Assuming 4 to 8 gallons per month, there may be a savings of about \$3.00 per month per Resident.....say, about \$36 per year.
